CEJ. Continuing Education Journal
Published by ACEA

Exploring how people learn, lead, and grow.

Logos, publication descriptions, and practical guidance for introducing CEJ to your community.

Short description

CEJ is ACEA's publication about lifelong learning, professional development, and the organizations that help people advance in their fields.

Extended description

The Continuing Education Journal (CEJ), published by ACEA, explores learning and professional life through interviews, articles, and research perspectives. Written for professionals, educators, and association leaders, it connects experiences across fields with questions about education, leadership, community, and change. CEJ shares practical insight and thoughtful perspectives that readers can bring to their own work.

Download logo files

All files have transparent canvases with included clear space. SVGs use editable outlines. Reversed artwork uses white lettering and a lavender period for dark fields.

Usage and attribution

Keep the complete artwork

Scale proportionally. Preserve the letterforms, period, colors, and J spacing. Keep at least half a capital C height clear on all sides; the downloads include this padding.

Choose a plain background

Use navy/violet on white or paper and white/lavender on dark navy. Avoid busy photographs, distortion, added effects, recoloring, and cropped padding.

Use a readable size

Recommended minimum complete-file widths: wordmark 80px; masthead 520px; footer lockup 460px. In a small space use the wordmark with nearby full publication identification. Check print size separately.

Credit the original work

Name the author as shown on the article page, identify the Continuing Education Journal, and link to the original article. Use ACEA as the publisher name.

Ask about other uses

Use unaltered marks to identify and link CEJ. For partnerships, endorsements, or reproduction of articles and publication imagery, contact ACEA for permission.

Navy #142F57

Violet #603DC4

Blue #244FC7

Paper #F8FAFC

Lato fonts are supplied under SIL OFL 1.1 with the original license. Logo outlines need no font installation. Use the supplied artwork instead of recreating the lettering.
